## Who Cares About April 15? Not Frankie!

Desire, ingenuity and a scatter rug were all that it took for Frankie Sheridan to find peace and comfort in this cozy car hammock. Music from his transistor radio shortly lulled the young lad into the land of dreams. No hectic income tax worries for Frankie! Oh . . . to be 10 years old again!

## South Bay City Commission Votes To Abandon Alley

Renewed interest in South Bay city affairs was attested to by the number of visitors at the regular meeting of the City Commission last Monday evening at City Hall. All Commissioners were present, however City Clerk Craig was ill and could not attend the meeting, and City Attorney Claude Jones was absent.

Mr. George Langford, President of the Tallahassee Corporation of City Commissioners and Clerk Craig. The latter has frequently expressed a desire that all present city ordinances be put into a city code so that both he, the City Attorney, and the public can determine immediately and accurately what ordinances govern the conduct of city government.

Mr. Langford explained in detail the exact cost of codifying all city ordinances so that they can be easily understood, and what steps should be undertaken by the City and his company with regard to compilation, editing, printing, codification, and distribution of a city code of ordinances.

session, and what apparently brought the visitors and citizens out, was the proposal of Mayor Crews that the city abandon the alley which lies to the rear of the South Bay Supermarket. The rock-paved alley lies between the store and the residence of Comm. Marvin Davis, and although paved with rock only behind the store property, runs in an east-west direction through the property of Mrs. M. C. Owens, but which property

## Income Tax Deadline April 15th

Mr. H. R. Harris, Representative of the District Director, local office of the Internal Revenue Service, said today that the deadline for filing your Federal Income Tax return — if you have not already done so — is close approaching. He said that his office would be open until 5:00 P. M. on Friday, April 15th, to receive your return or assist you.

No action was taken by City Commissioners, but Mr. Langford requested that the commission consider a written proposal for the serial law experts, which he said he would submit within a few weeks.

## Art Show At High School April 19

Instructor Mrs. Henry Earwood announces it is Art Show time once again at Belle Glade High School. April 19 will see the High School Gym filled with works of Art done by the five high school classes, she said.

"Art is Everywhere" has been the general theme this year. "Students have been learning to look, learning to see, learning to develop skills in creative design," the instructor said. The show will offer some new variations in creative expression this year.

Open House will be all day Tuesday for students, from 8:30 a. m. to 4:00 p. m., and for all parents, friends and interested public at 7:00 to 10:00 p. m. This will be a juried show with ribbons in various categories for the selected works.

## City Buildings Dedicated Today

Formal dedication of two city buildings will be held today, Thursday the 14th at 3 p.m.

The Humane Shelter, declared to be one of the most modern in the state, and the Public Works Building just east of the sewage plant are the pride of city's employees.

The shelter provides individual stalls and separate runways for cats, dogs, horses and cattle and facilities for caring for each group in a sanitary and comfortable.

The Public Works Director's office is located on the first floor. Mr. W. W. Able, Garage Superintendent has workshop facilities and parking area for all city owned vehicles.

The second floor houses the sign department which provides attractive signs for streets and other public operations of the city.

The public is invited to attend the dedication and dedication and visit the new buildings.

One of the nicest in the state, this new Humane Shelter, built on a modern plan, will house stray dogs, cats, horses or cattle.

## Local or Federal Control

Following a morning session of enlightenment on existing and proposed federal legislation on Water Quality, more than 100 representatives of industry, city, county and state governments of seven southeastern states assembled into state groups for definite organization and work, at the Americana Motel, Wednesday afternoon, April 6th in Atlanta.

The Florida meeting was composed of thirteen for industry, including sugar, by Luther Jones.

With Douglas Trussell of the National Manufacturer's Association as interpreter of procedure, the Florida group selected Clarence Knecht as Chairman. A list of specially prepared questions were asked of the group, discussed and answered, in an effort to prevent the federal government from taking over complete control of public waters through its authority to control water quality.

The Water Pollution Act of 1965 provides:

(1) that each state MUST file with the Secretary of Health Education and Welfare a Letter of Intent thru its governor or designated Water Pollution Agency prior to Oct. 1, 1966; AND

(2) Submit criteria and implementation, acceptable to the Secretary, and subsequent to public hearings, by June 30, 1967;

The criteria must be arrived at thru—

(a) determination of basins in which hearings will be held and preparation of a report, following:

(1) collection of data; (2) interpretation of data; (3) uses; (4) selection of criteria; and (5) plans and alternate for implementation.

### CO-OP GRINDS OUT 1.046 MILLIONS TONS

At a bit past four PM Wednesday afternoon the Belle Glade Co-op ground the last stalk of its 1,046,000-ton 65-66 harvest, and will process the last pound of the 95,000-plus tons of raw sugar Thursday, thereby ending its fourth harvest.

A by-product of the harvest is the 6,200,000 gallons of molasses called "cop," known commercially as blackstrap.

As the largest-capacity mill on Continental U.S., the Glades Sugar House during mid March ground, for four succeeding days, more than 10,000 tons each 24-hour period, a record for a single tandem mill, according to our best information.

The harvest generated a four million \$4 payroll, during its 145-day grinding, with cutters from the BWIs. The mill's request for sufficient off-shore laborers to operate the mill at capacity was sharply cut down and when the killing freeze came were more than 100,000 tons of cane in the fields which would not have been subjected to the freeze had sufficient laborers been allowed — it would have been converted into raw sugar. Any losses in cane tonnage and sucrose to the 53 farmers of the co-op from the freeze, and the

## Highlights Of Erwin Canham's Talk "Spiritual Revolution"

The gap between science and religion is a "crucial mistake in the history of our time," said Erwin D. Canham in a public address in the Dinner Key Auditorium, Miami, Tuesday, April 5th.

Mr. Canham is the noted Editor in Chief of The Christian Science Monitor and a former president of the American Society of Newspaper Editors.

He said that the "God is dead" discussion in some theological circles is more evidence of "the tragic gap in present human thinking."

He called for new efforts to perceive the "spiritual significance" of men's conquest of their physical environment — and said that was the only way to bring under control "the forces we have unleashed" without destroying the essential values of our society.

Knowledge is not the same as wisdom, Mr. Canham stressed. "Without wisdom more knowledge is perilous. It can get out of control. As we know so well today, it can threaten the destruction of human civilization."

"And our primary need now as ever is to seek the beginning of wisdom."

"Our task is to see that this great revolution which has come to the human race is not a material revolution but a spiritual revolution."

"We must see that the missing link in our world's new society is the link that gives the glory to God and accepts the government of God."

"The wisdom we need so badly, therefore," said the speaker, "comes through our perception of spiritual truth."

He then stated that "reception of the Christ" is the theological language for the same idea: "an outstanding and an awareness of fundamental spiritual truth — divinity touching humanity... the emergence in human experience of what John identified as the 'World made flesh.'"

Jesus is perceived by Christians to have been "the unique human embodiment of the Christ," he said.

But the "touch of the Christ, this illumination in human thought of the spiritual idea, has come to us down through the ages, and still comes. By identifying the Christ with spiritual truth — with the point at which divinity reaches humanity — we share the Christ with all mankind, through all time. This is a fully ecumenical fact. It draws us all together — all

mankind with no exclusions...

"I do not say to you that the millennium is just around the corner," declared Mr. Canham. "I do not suggest that all the dangers confronting us will be avoided, as 'I am saying that the millennium is just around the corner.'"

"We should work a great deal harder at cutting down the confusion around us. We should replace the Bible's profound and luminous identification of God as Truth and Life and Love, as Spirit and South, as Mind and Principle. We should see how these substantial identifications of God are manifested in human affairs."

"The ultimate liberation of men will come as they understand the spiritual significance of their new relationship to matter."

Of the chaos and the conflict we see around can emerge the order which is inherent in God's law for man and the universe. Our task is to perceive and to demonstrate and to live in harmony with the spiritual power which has brought us out of so much darkness toward the full glory of day."

## Witnesses Mark 20th Year

20 years ago, the Watchtower Bible & Tract Society announced to Jehovah's Witnesses that there would be a resuming of Circuit Assemblies. This was the first time since 1941 that the semiannual conventions were able to be held.

It was with rousing enthusiasm that the Witnesses world-wide received this news.

Twice a year congregations tied together as a circuit would meet for a three-day assembly. In addition to special talks and demonstrations an opportunity would be presented for those who had recently made a dedication to symbolize it by public baptism.

Today, in the year 1966, the 20th anniversary of this arrangement, more than 2,000 such assemblies will be arranged.

For Jehovah's Witnesses in southern Florida, it was announced that the first of two such assemblies held during this 20th anniversary would be in Fort Myers, April 29 to May 1.

It would be thought that in 20 years there would be no more that could be said. So we asked Jay N. Morris of the South District Supervisor for the Southeastern United States, who is the principal representative for Jehovah's Witnesses, will attend over 20 circuit assemblies during this year.

In the past 20 years, Mr. Morris has traveled more than 500,000 miles to supervise the arranging of such seminars.

God's Word, the Bible, and offers occasion for Jehovah's ministers to "keep comforting one another and building one another up," he said. (Quoted from the Holy Bible at 1 Thess. 5: 11).

Morris continued, "In 1946 there was about 20 congregations with one circuit for all Florida. Now there are 8 circuits with upwards of 20,000 attending these semi-annual seminars throughout the state."

Mr. J. Saia, District Supervisor for the Southeastern United States, will be the principal representative for Jehovah's Witnesses, will attend over 20 circuit assemblies during this year.

In the past 20 years, Mr. Saia has traveled more than 500,000 miles to supervise the arranging of such seminars.

## Easter, A Time Of Rejoicing For Kindergarten Children

The First Baptist Kindergarten children celebrated Easter with some thrilling experiences last week. They learned that the first Easter was a time for special joy at Jesus' resurrection and that it is a joyous time for us today.

A litter of 7 new born rabbits visited the kindergarten one day. The children learned from observation that rabbits are born with their eyes closed and without any fur. The rabbits will make a second appearance soon.

The children visited the Presbyterian church another day and enjoyed an Easter picnic on the lawn under the trees. Coloring eggs and filling an Easter basket with spring flowers for Mother and Daddy were also part of the week's experiences.

For twenty one days the children had been observing an incubator filled with 60 hen eggs, seeing the eggs turned and that the temperature was just right. They had been told that there might be a baby chick of their choice to take home for Easter.

On Monday morning things began to happen fast. All over the room peep, peep, peep could be heard coming from the incubator and black chicks, yellow chicks, and brown chicks began pecking their way out of the shells. The children observed them pecking out, breaking out, sitting in a half shell, and all wet and not a bit fluffy nor pretty at first. Later as they were moved to a box with a light and were dry and fluffy, they began to choose the chick of their choice. For three days chicks pecked their way out of the shells.

When he drew near and saw the city he wept over it, saying, "Would that even today you knew the things that make for peace!"

— Luke 19: 41-42 (rv)

On Palm Sunday evening in 1965, a vicious tornado passed through our community destroying property and injuring many people. I saw a lady in the hospital whose one little girl had been killed. Her other children were hospitalized with her. Everything this family owned was wiped away in a split second. She said to me, "I'm so glad Wayne didn't have to suffer. We have our three other children... We can build our home again."

All through that period of Holy Week I could not help but think of what had happened to the community. Then I thought of the sufferings of Jesus, and of how great and significant were the trials through which He passed. My thoughts turned to the young woman and her husband. They had learned from the Master how to face sufferings.

Each one of us needs to look at this period in the life of our Lord as a source of strength for our spiritual lives. We can thus learn to face the trials of life and to serve Him better.

PRAYER: O Father, help us to find in these days a new strength for the days that lie ahead, that we may serve Thee with a deeper devotion. Through Jesus Christ our Lord. Amen.

## Kindergarten To Sing As Choir Sunday Night

Fifty-five kindergarten children will perform as a choir at the First Baptist Church, Sunday night, April 17 at 7:30 p. m. They will have a special part in the program singing worship songs they have learned and sung in kindergarten this year.

The children will sing one song in Spanish and all out the same song in the choir language of the choir. Everyone is invited to attend this service.

## First Church Of Christ Scientist

"Doctrine of Atonement" will be the subject at Christian Science church services this Sunday. Bible passages to be considered will focus on Jesus' parable of the prodigal son (Luke 15), and with his statement, "And I, if I be lifted up from the earth, will draw all men unto me." Related readings from the denominational textbook will include these lines: "Like our Master, we must depart from material sense into the spiritual sense of being... This is having part in the atonement; this is the understanding, in which Jesus suffered and triumphed" ("Science and Health" with Key to the Scriptures" by Mary Baker Eddy).

## Presbytery Of Everglades Spring Meeting Here Apr. 19

Representatives from 40 years since the Presbytery of Everglades Churches will be in the Belle Glade Community on Tuesday, April 19. They will comprise the membership of the Spring meeting of the Presbytery of the Everglades which will meet at the Everglades Presbyterian Church located on N. Main St.

The churches which will be represented are located throughout South Florida, from Ft. Pierce to Key West, and as far west as Naples. Each church will have at least one lay officer and the ordained clergy that serves the particular congregations as voting delegates. It is expected that some 140 churchmen and churchwomen will be hosted by the local Presbyterian congregation at this one day meeting.

The Session of the Everglades Presbyterian Church through its moderator, J. Paul Vondracek, issued the invitation for this meeting more than six months ago. It has been more than ten

## Meeting Slated For Parents Of Cub Scouts

Do you have a son age 8 through 10 years that wants to become a Cub Scout? If so, at least one parent must attend an orientation meeting at Jameson Hall Thursday night, April 21, at 8:00 p. m.

Cub Scouting is a home centered program. If your son is to get much from Scouting you must be willing to help him. The orientation explains briefly what you are expected to do in the program and what you should expect from the Cub Scout Leaders.

Scouting aims to build Character, Citizenship and Physical Fitness. Are these aims what you want your son to have? More information can be obtained by calling 995-3954.

Mercy

"And they lifted up their voices, and said, Jesus, Master, have mercy on us."

— John 17:13

The quality of mercy is shown clearly through the life of Christ upon earth.

And yet some of us do not clearly understand the meaning of the word. We think of mercy, perhaps, as something to be received from the hands of a master, a king, or a victor in battle. We do not realize that we, too, can evidence the quality of mercy in our daily lives.

Look to your dictionary. Rate yourself on such things as forbearance; compassion; willingness to forgive and be kind; leniency.

Mercy is something you may extend to others as you expect it for yourself.

## Triangle Beautification Is Garden Club Project

Mrs. Edwin Leathlean, President of the South Bay Garden Club, opened the regular monthly meeting of the club held last Thursday, April 7, in the Educational Building of the South Bay Baptist Church with the introduction of guest speaker Mr. Robert Pryor, Palm Beach County Agricultural Agent.

Mr. Pryor discussed the proper pruning of ornamental trees and shrubbery in an informal and highly informative manner. He advised club members that this is a good month for the pruning of plants, but that each person must keep in mind the type of plant being pruned and how that plant will look after pruning and new growth has begun. A question and answer period followed Mr. Pryor's talk.

The South Bay Garden Club has as its major project the beautification of South Bay, and is responsible for the planting of palm trees on U. S. Hwy. 27.

President Leathlean announced that Mr. L. W. Dingle, District Engineer of the State Road Department, has granted permission to the club for the beautification and landscaping of the "triangular-shaped island" formed by the intersection of U. S. 27 and S. R. 80, but that the view of motorists must not be obstructed.

Club members heard a report that the club has approximately 360 geraniums and marigolds rooted and ready for planting, and decided that the triangle would be planted in these plants this year.

Ed Gettys won the door prize, which appropriately was a spray of Easter Lilies. In addition to Mrs. Gettys and Mrs. Leathlean, Mrs. Bill Jefferson, Mrs. Ralph Newman, Mrs. H. C. Willis, Mrs. Margaret Mills, Mrs. R. M. Fender, and Mrs. R. E. Sapp attended the meeting.

The Garden Club agreed to sell Christmas Cards to prospective fields what you can to help preserve Florida, as well as how to improve your home grounds, patio, and create interest in these phases of your Garden Club work.

## Sorority Chapter Hears Program "Art Of Dress"

Mrs. Mike Challanein was hostess to Iota Epsilon Chapter of Beta Sigma Phi Sorority on Monday, April 11, at 8:00 P. M.

"The Art of Dress" was the program presented by Mrs. Mike Wilson. She talked on color coordination and lines, and gave a short fashion show using dresses and sportswear from Sue's Specialty Shop. Mrs. Terry Kirshman, Mrs. Roger Walker, and Mrs. Petie Kirshman served as models for the showing.

During the business session, it was announced, to everyone's delight, that Mrs. Eddie Jones, and Mrs. Jane Evans had accepted their posts as Director and Sponsor for another year.

An amendment to the By Laws was read, stating that meeting nights be changed to some night other than Monday. Those present voted to meet the second and fourth Tuesday of every month beginning in September.

Mrs. Floyd Collingsworth will be hostess for the next meeting on April 25, at which time the new officers will be installed.

Refreshments were served by the hostesses to thirteen members present and Mrs. Eddie Jones, Director.

## Easter Candy Sale Drive Was Successful Event

## Making A Sale

Mrs. Vernon Henderson, President of South Bay American Legion Auxiliary, standing second from left, and Mrs. Bo Austin, Candy Sale Chairman, make a sale in a South Bay Home.

"The Legion Auxiliary Candy sale was a huge success," reports President Mrs. Vernon Henderson. "We will know exactly how much money we made at a Call Meeting we plan to hold in the next few days."

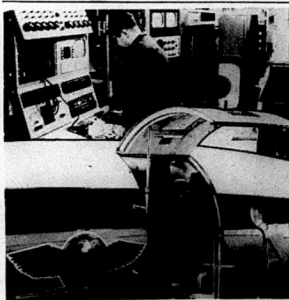

According to Mrs. Bo Austin, who organized and spearheaded the Candy Sale, funds from the sale will be used to repair and remodel the American Legion Hall in South Bay. The Hall has been neglected for some time, and the Legion Auxiliary will help make it become, once again, the scene of community-wide events in South Bay, according to Mrs. Henderson.

Legionnaires recently

made repairs for the first South Bay Police and Fire Benefit dance, which proved to be a very popular community affair. More repairs and some paint will restore it to like-new condition, with the Legion Auxiliary leading the way toward renewed interest in civic affairs in South Bay, a spokes man stated.

## "Seminole" Enchanting Reading For Young And Old

Unlike most tribes, the Seminole Indians never surrendered to the United States. As a result they live on Florida reservations unaffected by debt, licensing, taxation, and arrest.

Their story is a popular, long-suffering one.

In his smooth-reading play, SEMINOLE, Theodore Pratt tells the romantic story of Osceola and his wife, Morning Dew, into dialogue. The well-known writer weaves his love story around the betrayal of the white man and the strong personality of the famed Indian hero.

Pratt tells of the soldiers who sold Morning Dew as a

slave to spite Osceola and how years later an old white friend led her back to her dying husband.

SEMINOLE is a simple, yet enchanting, book that will be enjoyed by young and old. A love story, a story of brotherhood between an Indian and a white man, it is also the story of the great injustice dealt the Indian when he was pushed off his land.

Pratt, a Floridian by choice, has used this state as a setting for many of his 32 books. A European correspondent and later a writer for the New Yorker, he is the author of numerous short stories and articles.

In SEMINOLE, Florida again provides the natural setting, and Mr. Pratt has drawn upon the rich heritage of his adopted state to dramatize the fateful career of the great Indian leader Osceola. The book is published by the University of Florida Press.

From Mrs. Leslie Putnam, Littleton, N.D.: I remember when my father ran the last large livery barn in our hometown. In front of the barn, on either side of the big front door, were two tall, stately old cottonwood trees under whose shady branches much whittling, reminiscing and political discussion took place in the lazy summer days.

Back of the barn, and joining it, was a huge high corral built of cottonwood poles where broncos were tied until they were broken to ride or to drive. Dad was never without unbroken horses as long as he was able to handle them.

On the East side of the barn stood the hitching rail where at times stood long rows of assorted horses and a few mules hitched to an assortment of wagons and buggies.

Sunday was often a busy day. Young men hired rigs to go courting; families hired them to go visiting or just for a ride in the country.

No place in town was filled with more activity than the old barn during the war years of 1917-1918. The demand for horses and cattle was tremendous. The

## Record Crowd Attends South Bay Easter Services

Easter Sunday Services at the South Bay Baptist Church were the best attended in the history of the Church, and Pastor Polk expressed his appreciation and gratification for the wonderful cooperation of all members of the congregation in making this past Easter a memorable religious celebration.

The Church was beautifully and artistically decorated by Mrs. Bill Jeffries with Easter Lilies and Queen Anne's Lace. A white Cross draped with lilies symbolized the Resurrection of Christ. Pastor Polk and members of the congregation gave particular praise to Mr. Bill Ferguson

and the Church Choir for their rendition of "Hallelujah for the Cross." Flowers for Easter Sunday were presented to the church by Mr. and Mrs. Shorty Slaver and Mr. W. G. Bowen.

The Church's Annual Easter Party for the Beginners and Primary Department was attended by 45 children, and was held on the Church grounds on Thursday, April 7.

Five teachers, Mrs. Jewel Parton, Mrs. Willie Mae Kelso, Mrs. John Cameron, Mrs. Howard Smith, and Mrs. James Martin were assisted at the party by five mothers: Mrs. Don Scruggs, Mrs. Janet Richardson, Mrs.

## Tonight!! Belle Glade Elementary PTA Ice Cream & Cake Social

Final plans are in the making for Belle Glade Elementary School's Ice Cream and Cake Social which will be held Thursday night, April 14. Mrs. Milton McKay who is chairman of the event, announces it will be held the same hours as the schools annual Art Exhibit; 7 until 9 p. m.

The Social has been planned by the P. T. A. in order to raise funds for school air conditioning, ice cream, cake and coffee will be offered in the school cafeteria for a small charge.

Mothers of children in Second and Third grade have generously offered to bake cakes for the P. T. A. Working with Mrs. McKay are seven grade chairmen. Those assisting her are Mrs. Carolyn Priest, First Grade; Mrs. Madeline Curry and Mrs. Nancy Smith, Second Grade; Mrs. Joanne Royal,

Third Grade; Mrs. Jean Davis, Fourth Grade; Mrs. Mary Orsengo, Fifth grade; and Mrs. Carol Crissman, sixth Grade.

All profits will go toward the purchase of necessary air conditioning for classrooms so it is hoped everyone will participate in making the social a success.

## Can I Pray The Lord's Prayer?

"I will therefore that man pray everywhere, lifting up holy hands, without wrath and doubting." (I Timothy 2:8).

I cannot say, "Our," if I live in a watertight spiritual compartment; if I think a special place in heaven is reserved for my denomination.

I cannot say, "Father," if I do not demonstrate the relationship in my daily life.

I cannot say, "Which are in Heaven," if I am so occupied with the earth that I am laying up no treasure there.

I cannot say, "Hallowed be thy name," if I, who am called by His name, am not holy.

I cannot say, "Thy will be done," if I am questioning, resentful or disobedient to His will for me.

I cannot say, "In earth, as it is in heaven," if I am not prepared to devote my life here to His service.

I cannot say, "Give us this day our daily bread," if I am living on past experience, or if I am under-the-counter shopper.

I cannot say, "Forgive us our trespasses, as we forgive them that trespass against us," if I harbor a grudge against anyone.

I cannot say, "Lead us not into temptation," if I deliberately place myself or remain in a position where I am likely to be tempted.

I cannot say, "Deliver us from evil," if I am not prepared to fight it in the spiritual realm with a weapon of prayer.

I cannot say, "Thine is the kingdom," if I do not accord the King the disciplined obedience of a loyal subject.

I cannot say, "Thine is the power," if I fear what men may do, or what the neighbors may think.

I cannot say, "Thine is the glory," if I am seeking glory for myself.

I cannot say, "Forever and ever," if any horizon is bounded by the things of time.

I cannot say, "Amen," if I do not also add, "Cost what it may." For to say this prayer honestly, will cost everything.

## Begins Twirling Career At Three

LEATRICA GOFORTH

This well known and charming young miss, Leatrice George Goforth, six years old, began her twirling career at the age of three, and was the youngest student of Baton in the community at that time. She has been the mascot of the Marchettes Juvenile team, "Lil Darlins" for two years, and marching and performing on the High School Football field before game time.

The talented young performer made her first appearance as a contestant in the South Florida Fair, West Palm Beach, at the age of four and has performed in contests over most of the state from Tampa to Miami, all sanctioned by the National Baton Twirling Association. She was judged strictly on her ability as none of the judges know the twirler personally.

Beginning lessons in fancy strutting the first of this year from Tina Lockhart, Leatrice after six weeks of instruction participated in a contest in Rustis and placed second, an easy task, for this difficult march in a T pattern to music. She has gone on to win later contests and first place trophies.

Leatrice is the daughter of Mr. and Mrs. George C. Goforth, Jr., of 566 SE 6th Drive and a first grade student at Gove School. So far she has won eight trophies and six medals and now is in advanced solo twirler and strutter division. Her first medal was won at the age of four in an NBTA Contest held in Belle Glade.

Her instructors are Mrs. Rheta Cunningham and Tina Lockhart.

Leatrice will perform at the next contest, which is the South Florida Fair, Miami Springs, April 30.

area farming in the future. Dr. W. T. Forsee, Jr., head of the Everglades Experiment Station, disclosed during a Vegetable Research Workshop sponsored by the Florida Fruit and Vegetable Association in Orlando what his colleagues are seeking to accomplish.

Chemical control of weeds, insects, and nematodes are among the projects. Spacing of some vegetable plants and specific problems connected with celery and sweet corn production also are on the list for study.

Through spacing tests, information is being sought to determine optimum plant spacing of sweet peppers, celery, tomatoes, and other vegetable plants for early and heavy yields of superior quality. Current crops emphasis at other stations include sweet corn, cabbage, and melons, peppers & tomatoes.

The Everglades Station is engaged in a statewide project seeking to develop mechanical aids for harvesting vegetables. Current crops emphasis in southern Florida includes celery, cabbage, escarole-endsive, and tomatoes.

The experiment station researchers are attempting to reduce the cost of celery transplants by comparing new methods of seeding, shading, and harvesting with those transplants now in use.

The identification, biology and control of insects attacking sweet corn include stem weevil, budworm, and earworm are being studied.

All over the state, the experiment station and field laboratories are evaluating existing varieties and new strains of vegetables concerning their suitability for commercial and home production in Florida. Emphasis at Belle Glade is being placed on crops which fare well in muck soils such as sweet corn, celery, bush beans, and cabbage. Some

attention is being given to radishes, potatoes, escarole, endive and broccoli.

Fertilizer application with regards to rates, timing, and methods for crop yields and quality is under study.

Other projects in force at Belle Glade are those to control cercospora blight of celery, to identify control subterranean insect pests of the area such as wireworms, cutworms, and banded cucumber beetle, and to control a specific leaf blight of sweet corn.

The researchers also want to identify and control bacterial diseases of vegetables, to control pencil stripe in

celery, and to investigate the bionomics of a particular plant nematode which is state-wide project.

The effect of nitrogen on vegetable crops, development of improved celery varieties for Florida, and evaluation of chemicals for control of soil-borne fungi are projected.

Non-projected research being conducted at the Everglades Station are breeding of sweet corn hybrids for Florida, plusina attacking vegetable crops, study of serpentine leafminers, and the effects of chemicals in treating potato dormancy.

## Senior Class Play A Success

Hundreds of parents and friends of the seniors were out last Thursday evening to see "Inherit the Wind" and seemingly enjoyed it tremendously.

After the play the seniors presented Mrs. Mary T. Harden a plaque for directing the play.

Members of the senior class wish to thank Mrs. E. Riley Harrell and Mrs. E. Shaw Peale for working with make-up; Mr. Leroy Williams and Mr. Richard Hamilton, publicity and staging; and Mr. Oscar Davis, make-up, staging, and directing.

## Student Of Week

We have chosen Evelyn West as student of the week. Born in Jasper, Florida, December 16, 1948 to Mr. and Mrs. Robert West, Evelyn is a senior here at Lake Shore High. Among her many activities the most time consuming are: editing the school newspaper, the chorus, the dramatics club and the student patrol. Until the end of the football and basketball season, she was captain of the pep squad. Evelyn's life ambition is to attend Lincoln Business College and become a secretary.

## "How Personalities Grow"

Our personality is just what we make it. Our personality has been growing since we were born. Personalities grow thru experiences, social and otherwise, but experiences are not always fortunate; experiences are often very frustrating. Our reactions do not always result in helpful personality growth.

Personalities develop throughout the life of individuals and no two personalities are really alike.

Although we spend most of our time in the company of others, many of us feel apart from the crowd even while we are a part of it. Anyone of us who wishes to improve relationships can do so, but we must be patient in examining the why and whereof of our social behavior.

We must be ready to give consideration to how others come to be as they are. In other words, we must learn to understand how personalities grow. You must also understand how personalities vary from time to time. Studying ourselves is important also the study of others. The more we recognize our own individuality and characteristics the better it will be for us to get along with others.

The story of how personalities grow is interesting. It can reveal much about a person which he never stopped to consider.

Read more about this on your own for it will prove to be worthwhile and certainly revealing.

## Junior Class Sponsoring Car-Wash

On April 23, 1966, The Junior Class of Lake Shore High School will sponsor a car wash. It will be held in the school parking lot. The price is \$1.00 per car. The money will go toward the Junior & Senior prom.

If you would like to have your car washed please contact any member of the

Junior Class by Friday, April 23.

Your car will be picked up and delivered, at a time convenient for you. The cars will be in the hands of dependable persons. The persons picking up your car will be familiar with the Florida traffic laws and will have an operator's license.

The cars will be chaperoned by one of our Junior sponsors, Mr. Reginald W. Murray.

Don't Miss the Big Car Wash.

Our Motto is: If we can't clean them, junk 'em.

## Students Of The Week

Ethel L. Lockett has been chosen as student of the week. Ethel is a member of the sophomore class. She was born February 21, 1951 in Belle Glade, Florida to Mr. and Mrs. Tommy Lockett. Although Ethel has many pastimes her favorite is centered around music. She is an outstanding member of the concert and marching band here at Lake Shore. Her other club affiliations include the Debate Society and Remedial Drivers Club. Ethel's life ambition is to attend Howard University Washington D. C. and to become an Engineer.

## "The Tattler's Column"

Well, here I am again with some exciting news that will burn everyone's ears.

Marvin G. what were you doing in Mr. Lawrence's closet? Could it be that you were practicing the James Brown for the prom?

Annie L. M. Is it true that Marvin L. G. is taking you to the prom? You know Robert B. isn't taking for that.

Mildred J. What's happening to you and Curtis M.? Did you have a fight? Daniel P. are you going to put Mary A. L. down for a certain Sophomore.

Gwendolyn J. what were you and Johnny E. trying to prove at the district?

Joe J. J. Why is it that you're always clowning? Is it the only way you can get attention?

Loretta I. who is the lucky young man since you and your friend broke up?

Joyce J. How are you and Willie F. getting along?

Mary E. N. will cupid ever strike your heart?

Patricia R. I understand that you and Chester E. have got an everlasting love. What about it?

Barbara J. Will you ever fall in love again?

Well the next time, keep your business to yourself; because someone might kick it in the newspaper. Ha! Ha! Ha!

## Impressive Ring Ceremony Held

On April 7, 1966, members of the senior class received their class rings during an impressive and memorable ceremony.

Each senior marched proudly through a huge hand-made ring placed in the center of the gymnasium to receive his ring, being presented by Principal McCurdy.

The speaker for the occasion was Rev. J. B. Adams, who delivered a very timely inspiring message. Everyone present seemingly was deeply impressed.

It is the hope of the seniors that such a ceremony will inspire under-classes to work hard and complete high school.

Other participants on program included the chorus; the band; Esther Matthews, the occasion; and Willie D. Florence, history of the ring. Mrs. Mack, a senior class sponsor presented the class to the principal, Mrs. M. T. Harden and Mrs. Jessie Williams also class sponsors stood with the class during the processional and the recessional.

## Maggie's Advice

Dear Maggie,  
There is a person in my home who is constantly accusing me of things. I'm on the verge of stopping school. Please help me.

Accused  
Dear Accused,  
Don't believe that this person would actually accuse you of doing things that you don't do. I strongly suggest that you and this person have a talk and try to reach a solution to your problem.

Dear Maggie  
After planting a garden of my own, I've found that I have to water the plants everyday by hand. My father bought a water hose but it is too small to fit the faucet at the back of our house. What can I do?

Dear Maggie,  
I met a boy that school term and he says he likes me. He's very nice and he respects me. I would appreciate it if you would tell me whether or not I should date him.

Dear Don't Know,  
What more could you possibly want from a boy? This young man seems to be every thing a boyfriend should be. Don't wait, give him a chance. I don't think you will regret it!

Dear Maggie,  
"Diplomacy is to do and say the nastiest thing in the nicest way."

ter seeing the results you'll be very proud of yourself.

Maggie  
Dear Maggie,  
Last Tuesday, I was told by an optometrist that I needed glasses. Although I am having trouble with my eyes, I don't want to wear glasses because I think that I will look outrageous wearing them.

Need glasses  
Dear Need Glasses,  
Forget about how you look with glasses. You need them and that's the reason you should get them. But of course there are many ways in which you can keep yourself attractive. The most important thing is to select a frame that best suits your face. You will eventually start liking them. You may be able to afford contact lens.

Dear Maggie,  
I met a boy that school term and he says he likes me. He's very nice and he respects me. I would appreciate it if you would tell me whether or not I should date him.

Dear Don't Know,  
What more could you possibly want from a boy? This young man seems to be every thing a boyfriend should be. Don't wait, give him a chance. I don't think you will regret it!

## Book Of The Week

**JUNIOR INTERN:**  
By Alan A. Nourse  
Are you looking for something a little different from the average novel? Then try our recommendation. No doubt, this is probably the type of book that you have been searching for. The story centers around the life of a recent high school graduate, Ted Coleman, bent on entering medical school. He spends an exciting and eventful summer working in the city hospital.

While working in the children's ward, Ted becomes attached to little Jerry Faulkner, who is suffering from Leukemia. Jerry has to have blood transfusions, in fact this is really about the only thing that is keeping him alive. Suddenly they too become useless against the devastating disease and of course Jerry dies. This death discourages Ted so much until he almost gives up his dream of becoming a doctor.

Dr. Bradley, a resident of Darwin General Hospital does an excellent job of making Ted aware of the fact that life must go on. He arranges to have him placed in the emergency ward and gives him the responsibility of setting up

his own rescue unit. It is here that Ted finds out that he really wants to become a doctor — in fact it was right in the midst of a big fire that he decided to devote his life to helping others.

# South Bay News

Mr. and Mrs. Ron Hawkins entertained Mr. Bob Andro, Works Manager, and Mr. Isby Schenck, Jr., Project Engineer, of the J. & L. Engineering Company, of Jeanerette, Louisiana, at a cookout at their home last Thursday.

Mr. and Mrs. J. K. Davis have recently moved into their beautiful new home on "old" U. S. 27 north of South Bay.

Mrs. Poe Walker's mother, Mrs. Pearl Finley, was released from County Hospital in West Palm Beach where she was a patient for seven months. Mrs. Finley is now making her home with her daughter and son.

## Easter Gift Pleases Congregation

Mr. and Mrs. George M. Crews, Sr., of South Bay, presented members of the congregation of the South Bay Baptist Church with a splendid Easter gift this year. Members attending Easter services were greeted with a new sidewalk connecting the Educational Building with the Church and extending to the street entrance to the church.

The donation of the sidewalk was described by Pastor Polk as a "much needed improvement." Church members were generous in their praise of the thoughtfulness of Mr. and Mrs. Crews. The David Unwin Construction Company of Pahokee built the sidewalk.

## South Bay Visitor

This Big Blue Heron which was identified by Game Warden J. K. Davis paid an unexpected call to several back yards in South Bay last Friday.

"He might be sick from something he ate," the warden said as he took him away.

The Blue Heron is a protected bird, and the fine is \$500.00 and/or 6 months for molesting them. This one stood about three feet tall.

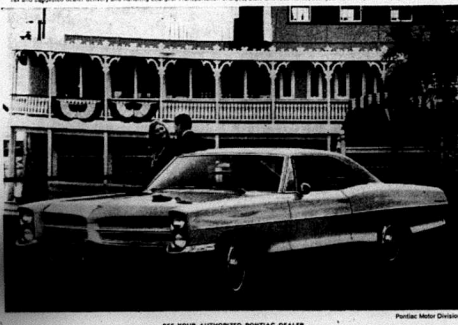

## Why buy a low-priced car when you can get a high-priced car for the same money?

Especially when you can get a big Catalina. With a wheelbase a good two inches longer, interiors a lot roomier and a 369 cu. in. V-6 out front that gives you at least 50 more standard horsepower. Along with typically Pontiac virtues like the bold, split-grille styling, Wide-Track ride and handling, and a resale value the record

books show is consistently up there with the leaders. And, of course, a package of seven standard safety items like padded visors and dash. Come in and look over our Catalina. Drive it. Price it. You'll know what we mean when we say if you're spending about \$3000 for a new car and not getting a Pontiac, something's wrong.

## Wide-Track Pontiac Catalina (A big, powerful Pontiac for less than \$3000\*)

\*MSRP. Excludes freight and taxes. For Catalina 2 and 4 door sedans and 2 and 4 door convertibles are all less than \$3000. These prices include selected standard and optional equipment and handling charges. Excludes taxes, license and local fees. Accessories and optional equipment additional.

Mr. Runkin Brown, of Bushnell, Florida, Miss Gail Masonic, daughter of Mr. and Mrs. Bill Masonic, was home from Lake Worth for the Easter weekend. Guest of the Masonics was Mr. Larry Hubbell, of Key Biscayne, fiancé of Miss Masonic. Final plans for the forthcoming marriage of Miss Masonic and Mr. Hubbell were agreed upon.

Visiting Mrs. B. M. Fender on Easter Sunday were Mrs. Major Lee and her daughter Nancy, and Mrs. Lee's sister-in-law Mrs. Evelyn Lee, all of Clewiston, Florida.

Mr. and Mrs. Henry Elfers' son Frederick and their daughter Clara Ann were home from college for the Easter vacation. Frederick is attending the Florida Air Academy in Fort Lauderdale, and Clara Ann is attending Parsons College at Fairfield, Iowa. On Easter Sunday Mrs. Minnie Hester was entertained by the Elfers at a family dinner.

Larry Bowen, now a student at St. Leo's College in St. Leo, Florida, spent the Easter vacation in South Bay visiting his parents, Mr. and Mrs. J. C. Bowen. Mr. and Mrs. Michael Crow, and sons of Fairburn, Georgia, were guests of Mr. and Mrs. Edwin Leathlean of South Bay on Easter weekend. Mrs. Rita Crow is the daughter of Mr. and

Mrs. Leathlean, and Mr. Walker. Michael Crow is the grandson of Mrs. P. E. Goodbread. The Crow family also visited his grandmother, Mrs. Karol Vadasz, who flew home from Elkhart University in Indiana to visit her parents, Mr. and Mrs. Alfred Vadasz, during the Easter Vacation.

Mrs. Bill Ferguson is home from the Belle Glade Hospital, recuperating from a hysterectomy.

Mr. and Mrs. A. J. Williams entertained a number of out-of-town relatives at a family reunion dinner on Easter Sunday. Their son, Mr. Curtis Williams, with his wife and family, of Melbourne, Mr. and Mrs. Horace Williams, Mr. and Mrs. Julian Williams, and Mr. Jerry Williams, all of Immokalee, Florida, were guests at the dinner. The Curtis Williams family spent the Easter weekend with his parents.

Home from college for the Easter vacation were Miss Sharon Roberts and Mr. Michael Roberts. Sharon is a student at Palm Beach Junior College, and Michael is a student at Florida State in Tallahassee.

Miss Jenny Austin, a nursing student at Jackson Memorial Hospital in Miami, visited her mother, Mrs. Ben Austin, and her sister, Miss Lou Ann Austin, on Easter weekend.

Mrs. H. C. Willis' daughter, Mrs. W. M. Christensen, and Mrs. Willis' granddaughter, Nancy, daughter of Mrs. Christensen, both of Anaheim, California, fortnight visitors of Mr. Willis. On Easter Monday all left for Vero Beach to visit mutual friends. From Vero Beach Mrs. Willis plans to visit relatives on Merritt Island.

The T. E. Corbetts had as their house guest for several days, Mrs. Woodrow Chezen, Mrs. Chezen, whose husband is at present in Africa, is Mrs. Corbett's sister-in-law. After a family dinner on Easter Sunday, Mrs. Chezen returned to her home in Fort Myers.

Women will delight in two of the latest advances that will soon reach the market. For household chores, sheets and pillowcases now need no ironing. They are pre-shrunk, can be machine-washed at high temperatures, tumbled dried and are said to wear longer than cotton sheets. For those teeth problems of youngsters, a tiny transmitter put in a tooth will broadcast information to dentists that will serve as a guide to restoring teeth which have been damaged or decayed.

## Boys Club Reports "Good Catch" On Weekend Camping Trip

Pastor Bill Bernstein and Mr. Stuart Fuller of South Bay supervised twenty-four South Bay Boys Club members on a two-night camping and fishing trip to Fish-eating Creek. The trip began Thursday and ended Saturday morning, with the boys catching some "pretty good sized bass, which we cooked right in camp," according to Pastor Bill.

Above, in more or less left to right order, are sixteen of the boys. They are Eddie Mayo, Dennis Crawford, Marion McMillan, Noel Fuller, Jerry Walden, Rany Corbett, Duane Mayor, David Underwood, Bobby Owens, (a young lad named Wilbur who could not resist having his picture taken is next, but who did not make the trip), Darrel Edwards, Mike Jones, William Beaver, John Eaton, Harold Edwards, Gerald Edwards, and Dennis Dixon.

Mr. T. L. Corbett, South Bay Bargain Store, and Mr. Fuller furnished the transportation. The only casualties on the trip, except for the fish and Pastor Bill's

rying pan, were the supervisors who suffered from jangled nerves and lack of sleep.

Pastor Bill has a large box full of clothing and camping gear, which the boys don't claim. "If the clothing has a name on it, I can give it to the boys who lost it," said Pastor Bill. "But if someone does not claim it soon, I'll have to give it to some needy people or move out of my trailer."

## Easter Egg Hunt Enjoyed By L. D. S. Primary Class

The annual "Easter Egg Hunt and Party" for children of members of The Church of Jesus Christ Latter Day Saints was held at the Church last Wednesday, April 6th.

Mrs. O'Neal Walker, President of the Primary Department, was in charge of the opening religious exercises which preceded the egg hunt and party, at which Mrs. Walker explained the true religious significance of the Easter Season. Following the exercises the children hunted Easter Eggs and were served refreshments of homemade cookies and punch.

Assisting Mrs. O'Neal Walker were Mrs. J. K. Davis, Mrs. Bob Clark, Mrs. Donald Alldaffer, Mr. T. L. Hamblin, Mrs. Barbara Howard, Mrs. Gordon Weinheimer, and Mrs. Margaret Richards.

Mrs. Ruby Hansen of Orlando, Mrs. David Bass of Orlando, and Mrs. Charles Marsh, both of South Bay, took place on Friday, April 8, 1966, at 8 P. M. at her daughter's home, Mrs. Harry Johnson, of Clewiston, Florida.

Rev. R. L. Polk, pastor of the South Bay Baptist Church, officiated at the candlelight ceremony. Following the wedding a reception for family and friends was held at the home of Mrs. Johnson. Family members present were Mr. Marshall's three daughters, Mrs. Ruby Hansen of Orlando, Mrs. David Bass of Orlando, and Mrs. Charles Marsh, both of South Bay, took place on Friday, April 8, 1966, at 8 P. M. at her daughter's home, Mrs. Harry Johnson, of Clewiston, Florida.

The bride and groom spent a honeymoon weekend at St. Petersburg, Florida, and are now residing at their home in South Bay.

"How about starting a classic of the month club?"

The things that will destroy America are peace at any price, prosperity at any price, safety first instead of duty first, love of soft living and the get-rich-quick theory of life. —Theodore Roosevelt

### Foreverglades Mausoleum Gardens

Airport Road—Belle Glade

The most beautiful and ONLY garden crypt cemetery in this entire Glades area cordially invites you to visit these most sacred grounds with above-earth entombment in clean, dry and ventilated crypts. This shrine of beauty is dedicated to the families who care for the best, at very little more total cost than underground burial, with an adequate perpetual care trust fund to guarantee continued maintenance forever. Convenient terms of small monthly payments are easily arranged for those families who need to be used in our future public relations program, we seek your help, but are willing to reward you for your time involved in writing us.

We will award, absolutely free:

One (1) adult crypt space—or—\$250.00 CASH to the person sending us the most original and practical suggestions in answer to: "Why is above ground burial preferred to underground burial?" There shall also be an award of \$50.00 allowance on any pre-need—pre-construction garden crypt to those persons we choose, who take their time to write us and make suggestions that we use in the future. The sole judge of these letters shall be the Newhart Sales Inc., and all letters must be postmarked prior to April 20, 1966. The person sending the most original letter will be announced in this paper on July 21, 1966 and shall receive one of the above awards. Write immediately as all letters must be postmarked before April 20, 1966, and in case of ties, the earliest postmark will be chosen. Send all letters to:

## Governor Burns, Leroy Collins To Address Educators Meeting

Under Secretary of Commerce Leroy Collins and Governor Haydon Burns will be the principal speakers during the annual convention of the Florida Education Association April 18-23 at Miami Beach's Convention Hall.

Collins speaks Thursday night (April 21) to the convention's general assembly, and Burns will address the delegates Friday night following a talk by State School Superintendent Floyd Christian.

The annual meeting of FEA attracts more representatives than any other Florida convention. Almost 15,000 persons are expected to meet in Miami Beach during the sessions. Nearly 10,000 will be teachers, administrators, principals and other educators. Some 4,500 of these will be official voting delegates.

A major issue at this session of the convention will be the vote for unification

of the Florida Education Association with the Florida State Teachers Association (FSTA).

Unification would require a two-thirds vote of approval by each association's delegate assembly. (The FSTA will be meeting concurrently in Miami).

If the merger plan passes, it would become effective July 1, 1966. The single organization would be known as the Florida Education Association and would represent a combined membership of more than 50,000 professional educators.

Collins' speech to the teachers will be at 8:00 p.m. Thursday. All of the state's gubernatorial candidates are expected to make brief appearances Thursday night to explain where they stand on providing quality public education for Florida.

Florida's news media also will be honored Thursday night when the annual Florida School Bell Awards are made.

## Conner Heads Visit To Pan-America

Commissioner of Agriculture Doyle Conner, at the invitation of the Guatemalan minister of agriculture, will head an 11-day agricultural survey of Central America beginning April 20.

He said plans are being completed for several cattlemen and representatives of related industries to join him on the tour to be highlighted by attendance at a major livestock show in Guatemala.

This is the third farm tour to be led by Conner during his administration, in the summer of 1963, a group of Florida businessmen and farm leaders toured Europe and the Soviet Union. Last summer, a similar group spent 24 days in South America.

"They are destined to be-

come either our partners in progress or our fiercest competitors," he said. The April trip has as one of its motives an effort to encourage development of the economic partnerships.

## Weetman Selected For Special School

SAN ANTONIO, Tex.—Airman James M. Weetman, son of Mr. and Mrs. Leslie M. Weetman of 304 Avenida Del Rio, Cleveland, Fla., has been selected for training at Sheppard AFB, Tex., as an Air Force accounting and finance specialist.

The airman, a 1962 graduate of Cleveland High School, recently completed basic training at Lackland AFB, Tex.

He attended Florida Presbyterian College, Saint Petersburg.

**Dampness**

You can fight off dampness in the house by heating it for a short time. Then open the doors and windows to let the moist air out. An exhaust fan will help force it out.

Frequent laundering will help your cotton draperies and curtains wear longer and look better. Rotating them from sunny windows to the shady side of the house also will give them longer life.

## FOR THE FAMILY MANAGER

**ITEM:** If you have trouble cleaning deeply carved or heavily embossed silverware, rub a few layers of hard paste wax into the crevices before you use. Then just empty the ashes and wipe with a damp cloth.

**ITEM:** Studies show that breakfast eaters do not lose weight as fast as those who eat 1/4 of their daily food needs at breakfast.

**ITEM:** If you spill orange or grapefruit juice on a fabric, sponge the spot at once with cold water. A citrus fruit stain often becomes invisible after it dries. With aging or if heat is applied, the stain turns yellow and is hard to remove.

**ITEM:** The family medicine chest is often the family catch-all for safety's sake and for good housekeeping, clean out the medicine chest at least every four to six months.

**ITEM:** If you are clogging your underground pipe, call a qualified plumbing contractor. He'll reel a special auger into the lines to cut away all growth. He also has a special root solvent that will retard future growth when flushed through the lines.

## Dickinson Speaks At Realtors' Meet

Fred O. (Bud) Dickinson, Jr., Florida's State comptroller, will be featured speaker at the Florida Association of Realtors' Spring Quarterly Meeting in Miami April 15-16 at the Everglades Hotel. It was announced today by Walter B. Decker, Association president.

Nearly 700 Realtors, Associates (salesmen) and their wives are expected to gather at Miami's downtown Everglades Hotel for the second F. A. R. Quarterly Meeting of the year. An agenda of nearly 60 business, educational, and social events is planned for the two-day statewide gathering.

Dickinson will address a dinner on Friday night,

April 15; his talk will be entitled "Reassessment—Fair Market Value as it Affects Land and Land Sales Through the State." The 10,395-member Florida Association of Realtors is this year celebrating its 50th anniversary. It was founded in Tampa in 1916 with 68 Realtors from communities throughout Florida present. Pres. Decker said.

**Home Value**  
One of the most economical ways to increase the value of your home is to modernize its bathroom, kitchen or heating system. These areas constitute the "heart" of the home. Their condition determines the health, comfort and even safety of your family as well as the home's market price if you should decide to sell.

# Sweetest Little City In The Glades

Not many cities can claim a street paved with sugar, but in South Bay you can see — and taste — the street yourself.

The famous Spanish writer, Blasquez Ibanez, in one of his novels refers to Cuba as "An Island of Sugar," and tells how his childhood imagination pictured Cuba as an island with "hills of sugar, rivers of honey, and houses and streets of candy." This was B. C. — before Castro. No doubt Cuba is quite indigestible now.

And so is the street in the picture. You can taste the

sugar street, but don't scrape any up and use it in your coffee or spread it on your breakfast cereal.

The sugar was brought in by Tallman Sugar to test new loading equipment located on the railroad service road. After that it was cheaper to leave right there to pave the road and fill in the rut dug by heavy trucks because in the first place the sugar was waste sugar used for processing into the white stuff you see on your dining table.

"What happens when it rains?" That is a good question, but a spokesman said that a little will dissolve & run off, but that if the sun gets too hot the street might become quite sticky. Imagine being stuck in a sea of sticky sugar!

of vaccination within the past three years. (b) Polio-mylitis — evidence of at least the first vaccine prior to school entrance. (c) Diphtheria — evidence of at least the first injection which is usually within four years prior to school entrance. In lieu of this, evidence of a negative Schick test will be accepted.

Acceptable evidence of the immunizations shall be a note or certificate from a licensed physician, or the County Health Department. In the past school authorities have granted a grace period for presenting birth certificates and immunization records, however this grace period can no longer be granted, according to school regulations.

The South Bay Elementary School will make forms available on April 14 for securing birth certificates. The Board of Public Instruction policy requires that on the opening day of school a birth certificate and immunization record must be presented, or else the child cannot be registered for the first grade. This is County School Board Policy," Mr. Ouellette states.

Dr. D. A. Fiehs and Dr. R. Y. Creech, local members of the Optometric Association have volunteered their services for pre-school visual screening, and will be available on April 14 and 15th.

Principal Ouellette urges all parents of pre-school children to avail themselves of the services of Drs. Fiehs and Creech.

The South Bay P. T. A. will hold its regular monthly meeting on Monday, April 18th, beginning at 8 p. m. in the school auditorium in South Bay.

The nominating committee consisting of Mrs. Mary Waters, Mrs. Elizabeth Getters, and Mrs. Claudine Warren will present a slate of officers for the 1966-67 school year.

Arrangements have been made for an Art Exhibit featuring the work of South Bay students for the inspection of P. T. A. members.

## Officials To Attend School

Mayor Bill Bailey and City Manager Tevis Huguley will lead a group of officials to Tampa for the April 20-23 Planning and Zoning Conference by the University of South Florida.

Commissioners Williams, Bowen and Farmer and City Attorney John Baker will be in the visiting delegation.

Also, to take advantage of the schooling, will be Zoning Board members August Kirchman, Benny Richmond, W. W. Ziglar, Barnes Smith and Dr. Mendal J. Luce.

**BEAUTIFICATION** — Carl Waggoner, committeeman, left is presenting to Jack Gorham, a Certification of Appreciation from the Chamber of Commerce's Beautification Committee for cooperation in making his place of business, Gorham's Coastal Motors, more attractive, by cleaning and resurfacing his parking lot, fixing up the service garage and other areas around his building.

## Hospital Aux. Membership Now Totals 75

Three new members were accepted by the Glades General Women's Hospital Auxiliary at the meeting held Tuesday in the hospital cafeteria at 2 p. m.

Mrs. C. H. Eiland, Mrs. Robert Roadman and Mrs. William Thibault are the new members, bringing the total membership of the Auxiliary to 75.

The meeting was made of the Annual Meeting of the Florida Hospital Auxiliaries on April 26 at the Jaxxine Clipper in Fort Lauderdale. All members interested in attending may call Mrs. Roy Brown for reservations.

Mrs. Guy D. Wood reported the Heart Clinic at the hospital has 6 new patients, making the total about 176.

Mrs. Irvin Zump and Mrs. Frank Dooley assist in the work of the Heart Clinic.

## Cattle Prices Remain Steady

Prices have about leveled off for a while, Pete Clements, manager of Glades Livestock remarked about Monday's sale. The market is steady on all classes of cattle and the demand was good for all classes. The market was topped by a N. Kennedy and Son, Pahokee with a \$38.00 calf.

The offering for Monday sale was 556 head of cattle for a total of \$557,428.27, 52 percent went to Slaughter and 48 to stockers.

is not developed at this time.

Mr. Milton McKay, Belle Glade Attorney, representing the Zoning Board, recommended against the abandonment of any alleys in South Bay, and that all personal dependencies be ignored, and that all action of the Commission be aimed at promoting sound city growth and prosperity.

Following Mr. McKay's address, Commissioner Davis moved that the city abandon the alley, giving as his reason that he wanted to see a certain person whom he did not call by name out of the alley. Mayor Crews gave as his reason the fact that the alley was not used.

Mr. Davis objected to the locating of the large trash and garbage containers near the home. Several citizens spoke against the abandonment.

City Commissioner Woody O'Neil, in Charge of Streets then worked out a compromise which Mrs. Owens fully agreed to, and urged that all parties forget personalities and work for the good of South Bay.

City Commissioner Henry Eilers spoke out strongly against the proposed abandonment. As Mayor Crews was about to proceed to the next item of business, Comm. Pappy Denton inquired about the motion of Comm. Davis, and when told it had not been seconded, said, "I second it," and a vote was taken.

Comm. Davis, Denton and Mayor Crews voted in favor of the abandonment. Commissioners O'Neil and Eilers voted against the abandonment, and Mayor Crews declared the motion carried.

Chief of Police Samuel advised Commissioners that Assistant Chief of Police James Mathis had resigned effective April 16, 1966, and that Mr. Mathis "intended to take training in another field of endeavor."

Commissioners accepted the resignation of Mr. Mathis, and on the recommendation of Chief Senechal appointed Mr. D. Ray Pugh to the position of temporary police patrolman pending action by the City Civil Service Board.

Mr. Pugh resigned from the South Bay Police Department in January of this year, and has since been employed by Mr. Malcolm C. "Buddy" Collins, local bail bondsman, at Mr. Collins' new "Paradise Club" on S. E. R. 40. Mr. Pugh gave as his reason for resigning in January the low pay of \$385.00 a month he received as a police sergeant. His new salary will be \$385.00 a month.

Pastor R. L. Polk of the South Bay Baptist Church attended the meeting. Mrs. D. Ray Pugh, clerk at City Hall, and wife of the new patrolman, pinch-hit for Clerk Craig at the city commission meeting.

## April 16 Spaghetti Dinner, Bazaar Event To Benefit Gove School

A spaghetti dinner and bazaar will be held at Gove Elementary School, Saturday afternoon, April 16, from 3 to 8 p. m. This event planned and sponsored by the Room Mothers committee, will be used to boost the fund for air conditioning for the school.

The bazaar, beginning at 3 p. m., will be held through out the covered halls of the school, featuring a large assortment of lovely and useful hand made items for the home and family. Posted plants, and artificial flower arrangements will also be offered.

For the browsers, there will be a "country store," with items that are useful, still useful, and a tray of costume jewelry.

## Elks Inaugural Ball

On Saturday night, April 30th the Belle Glade Lodge of Elks No. 1716 will celebrate the installation of the new officers with an Inaugural Ball from 8 to 1 A.M. for Elks and their guests.

The ball will be to the music of The Kingdome, and refreshments will be served during the evening.

The Hall will be decorated for the occasion, and this annual event ranks high in the social activities of the membership.

To please the younger set, pony rides will be held in the school grounds, and to satisfy the sweet tooth, cotton candy and candied apples may be purchased.

In the school library, tasty home baked cakes, pies, candies, and other goodies will be on sale.

Beginning at 5 p. m., through 8 p. m., a delicious spaghetti dinner will be served. Advance tickets for the dinner are now on sale at Alene's Gift Shop and Daddy Dick's, both on Ave. A, Belle Glade, or may be purchased at the door.

To highlight the dinner hours, Miss Jessie Freeling, talented artist and musician, will play various instruments for the entertainment and enjoyment of the diners. For those not wishing a complete dinner, or wanting a little "something extra" after a meal, or before departing for home, slices of cake or pie and a hot cup of coffee will be waiting in the school library.

Everyone is invited to come out and enjoy a delightful afternoon and evening, plus helping to push the air conditioning project nearer it's goal of \$5500.

## Good Neighbor Wiseman Drowns For His Efforts

Curiosity about the "big one that got away" resulted in the accidental drowning of South Bay citizen Frank Wiseman, 32, Simmons Building, Joe Louis Avenue, South Bay, early Tuesday morning.

Wiseman found two friends and neighbors fishing in the rim canal of Lake Okechobee near Pump House No. 2 at the Belle Glade Marina. When Wiseman came up to talk to Mrs. Louise McIntosh and Mrs. Olie B. Luther, both residents of the Simmons Building in South Bay, Mrs. Luther told Wiseman that a fish had broken her fish line.

Wiseman dived in the rim canal, swam out about one hundred feet and was swimming back toward the shore when he suddenly disappeared beneath the water.

Slim Corbett, Slim's Fish Camp reported the incident to the Sheriff's Office at 10:25 a. m. and Det. Monroe, Dep. Swank and Det. Marsh answered the call.

The body of the deceased was located by Johnny Rutledge, Belle Glade Patrolman and member of the department's SCUBA Rescue Team, with the aid of Gordon.

## Mobile Homes Not Included In Extension

The Governor's 30-day extension on the purchase of car license plates does not apply to owners of mobile homes, house trailers, and camping trailers, according to Mrs. Edwina Young, deputy tax collector for the Glades.

"Last year mobile homes were taxed as personal property, but since the November 1965 referendum, all such mobile homes must be licensed regardless of whether or not they are used on the highways," Mrs. Young stated. Deadline for such owners is still April 20, 1966.

Figures available through Tuesday, 12, 1966 show that 7,328 tags have been sold to date in 1966 as compared to 7,538 during the same number of days in 1965, a difference of 209 less for 1966. 17 boats were registered last year, as compared to 16 boat registrations for 1966, however the office has processed 15 more titles in 1966 than in the same period in 1965. Total titles as of Tuesday were 1043 for 1966.

This year in addition to the regular dealer auto license tags, dealers are charged a \$7.50 use tax for dealer plates.

Income from the sale of auto license tags is still behind the 1965 figure. In 1965 such income totaled \$293,896.87, and in 1966 to date \$274,797.16 has been collected, a difference of \$20,099.71.

## PB 2nd In 67-County Tax Assessment

State Comptroller Fred O. Dickinson reported today that assessed valuation of taxable property in all Florida counties reached \$29,750,015,991 in 1965.

The Comptroller's analysis showed a total of all taxes levied in 1965 at the county and city level were \$538,602,740, an increase of \$36,957,359 over the 1964 total of \$501,645,381.

Tax money for county schools accounted for more than half of the grand total of taxation, Dickinson reported, with a 1965 school tax take totaling \$283,162,075.

That is an increase of \$54,641,841 over the 1964 school tax total.

Total taxes for the various county commissions of the state for 1965 were \$188,179,925, Dickinson said. The 1964 taxes for county operations were \$160,495,791.

The 1965 tax total was an increase of nearly \$27.7 million. Municipal taxes also were on the increase, showing a \$4.4 million gain in the 1965 total of \$40,089,325.

Non-exempt real estate assessed valuations went up by \$3.2 billion to \$17,036,887,343.

The assessed valuation total of personal property increased \$646 million statewide to \$3,221,356,164.

Assessed value of railroad and telegraph property showed a gain of \$26.4 million of \$205,977,040.

Those three classes of non-exempt properties had a collective increase of \$3.8 billion in the total valuation of all non-exempt property of \$20,583,821,147.

The 1965 total value of all homestead exemption

property is \$5,291,682,060. That is an increase of \$332 million above the 1964 homestead assessed valuation, Dickinson said.

Valuation of land which is wholly exempt from taxation, Dickinson reported, was \$3,901,172,696, a gain of \$1.5 billion from the previous year's total.

The only category of assessments to show a decrease, Dickinson noted, was in the valuation totals on delinquent, non-exempt property. That total dropped by \$1.9 million to \$4,789,588.

At the same time, the valuation of delinquent homesteaded property increased \$1.4 million to \$7,652,588.

In five counties of Florida, the 1965 assessment totals reflected decreases from 1964 totals.

Dade County was down \$117 million in its valuation totals.

Oceola County's assessment total was down from \$205.7 million to \$178.1 million. Hamilton County was down from \$8.5 million to \$7.1 million; Flagler County dropped from \$10.6 to \$10.5, and Dixie County dropped from \$3,000 to \$10,414.

Duval County, with its court-ordered revaluation program, showed the largest assessed valuation increase, Dickinson reported.

Duval's total roll more than doubled from \$1,044,212,000 to \$2,443,608,991, for a gain of nearly \$1.4 billion.

Palm Beach County is second in total assessed valuation, with \$2,817 billion against Dade's \$7,414 billion.

Duval, Broward and Pinellas each have \$2 billion-plus assessments, with Brevard, Orange and Hillsboro each having better than one billion.

These eight counties have \$21,435 billion against the state's total assessment of \$27 billion.

The same eight counties have \$385 millions in actual taxes assessed against the state's total of \$936 millions.

Palm Beach County is sixth in total taxes assessed with \$35 millions. Duval, Broward, Pinellas have more actual taxes assessed than does Palm Beach, although they have less assessed value.

Hillsboro County has near \$43 millions assessed against an evaluation of less than half of Palm Beach's.

Palm Beach County has more taxes assessed than do 39 counties at the bottom of the list, combined.

## Your Library

Tues.-Sat., 9:30-12:00.  
1:00-5:00

Thurs. night, 6:30-9:00

Staff members of the Belle Glade Public Library invite you to observe NATIONAL LIBRARY WEEK, April 17-23, by a visit to your library. KEEP GROWING - READ!

Representatives from the Library Board, and the High School Librarian, will be interviewed by Al Harris, on April 16, on his 9:00-10:00 talkfest, carried live from the Coffee Room of the Holiday Inn. If you are interested in learning what goes on in the libraries of Belle Glade, tune to, WSWN on Friday, and find out.

**NEW ON THE SHELVES:**

**LEE, Dowdy**  
This book, presented to the Library as a memorial to Mr. C. A. Bailey by Dr. and Mrs. G. R. Townsend, fills the need for a one-volume biography of Robert E. Lee. A significant and original interpretation, it draws upon considerable new material, including many personal letters which have come to light in the last twenty-five years.

**THE CHILD STARS.**

Zaroff  
This book is dedicated to the child stars of yesterday and today, those remembered, and those forgotten. It has chapters on Jackie Coogan, Baby Leroy, Shirley Temple, Jane Withers, Judy Garland, and others. It concludes with a chapter, "Where are they now?"

**AMONG THE CINDERS.**

Shadbolt  
"There's nothing I like better than a yarn, so I might as well get down to business. My name is Nick Flinders, and I plan to tell about this trip I made with my grandfather last summer."

## Candidate Maynor Favors Bail Bond Consideration

Jim Maynor, candidate for State Representative, Democrat, Group 4, announced today that he was in favor of a legislative committee study regarding the necessity of bail bond under certain conditions. One particular situation which he felt should be investigated was the detaining of local citizens who live and work within a twenty five mile radius for minor traffic offenses.

"Let's face it," Maynor stated, "sometimes it's hard for a person to obtain bail money at an odd hour of the day or night with one telephone call. To place a man or woman in jail for this reason is not only an infringement on his constitutional right of being innocent until proven guilty, but is also an expensive way to utilize the taxpayers' money." Maynor added that he would not have to keep building more jails if we used a little logic about this. He pointed out that a test of this in the state of New York showed that more people failed to show up in court, which was required, who had posted bond.

Maynor concluded, "Surely any person who lives and works within a twenty five mile radius would appear in court rather than face a bench warrant. If he chose to plead guilty, he could arrange to pay the fine the following day at his convenience."

# 31-County Opinion Poll Indicates Burns Leading; Roberts Ahead of Carter

A public opinion poll conducted in 31 counties between the dates of March 30 and April 7 reveals that Haydon Burns maintains a slight lead in the gubernatorial contest and indicates voter preferences in several state senate, congressional and state cabinet races.

Burns is ahead of former State Senator Scott Kelly by the slight margin of seven-tenths of one per cent of the decided vote. Registered voters responding to the poll gave Burns 35.6 per cent, Kelly 34.9 per cent and Miami Mayor Robert King High 28.5 percent according to the Florida Institute of Public Opinion.

Prof. W. J. McCawley, president of the Institute, reported that the survey among Negro voters shows a definite loss among Negroes by High and a significant gain by Burns. A number of Negroes interviewed said Burns has become more acceptable among Negro voters because he has appointed a number of them to top jobs financed jointly by state and Federal agencies. Kelly's support among Negroes came from educators largely, the survey revealed.

Projected into a statewide vote total, the Institute's figures reveal that if the election were conducted now, Burns would receive approximately 370,000 votes, Kelly 363,300 and High 284,700 with the fourth Democratic candidate, Sam Foor, receiving 10,400

or one per cent.

About 20 per cent of the registered voters who were asked for a preference did not desire to participate in the poll, indicating they are undecided.

Burns remains strong in Orange, Duval, Leon, Palm Beach, Union, Bradford, and Clay Counties. High is the choice of voters in Duval, Broward and Pinellas, where Kelly is a close second.

Kelly leads in Hillsborough, Volusia, Manatee, Sarasota, Alachua, Escambia, Bay, and Polk.

Results of the Institute's survey show that all three of the State Cabinet officers who have opposition will be re-elected. Only in the State Treasurer's race are any of the challengers showing any strength.

Incumbent Broward Williams now has 94 per cent of the vote as compared to 61 per cent in the last survey by the Institute.

Challenger Bob Harris, a Duval County commissioner from Jacksonville, has increased from 24.5 to 26 per cent in the first survey to 10 per cent.

Comptroller Fred O. Dickinson and Attorney General Earl Pritchett will be re-elected by landslides with both receiving approximately 80 per cent of the vote.

State Rep. Emmett Roberts is leading veteran office-holder and incumbent Jerry Carter in the race for Public Service Commission.

Roberts has 41 per cent of the vote, Carter 38, and the balance is spread evenly among the other challengers.

McCawley said the Institute is surveying every county. Results from 31 counties are complete and are tabulated in the latest report.

Thirty-two students from the University of Florida, Florida State University, College of Central Florida Junior College conducted the survey.

Only registered Democratic voters were given printed ballots to mark and deposit in a ballot box at each of the polling points.

**Chevy Claims Fuel Economy**

Chevrolet has staked out a claim for superior fuel economy on the results of the 1966 annual Mobil Economy Run.

Full-sized Chevrolets won classes "E" and "F" for standard-sized cars with six and eight cylinder engines, respectively, and won a second place in class "F" as well.

In class "A" where compact six-cylinder cars competed, a Corvair Monza finished third over-all, getting 23.25 miles per gallon on the 3,300-mile trip from Los Angeles to Boston.

A six-cylinder Corvair piloted by a mother-daughter team, Pat and Pam Sawyer, Hemet, Calif., won class "E" with an average of 31.04 miles per gallon.

In class "F" the winner was a Chevrolet Impala with 32.7 Cu. in. V-8 engine in which Don Royer, Encino, Calif., averaged 19.87 miles per gallon. Second place winner was Paul Prior Troy, Mich., who averaged 18.68 miles per gallon in a Chevrolet Caprice with a 396 cu. in. V-8 engine.

## Rites Held For H. L. Speer Former Ass't. PBC Ag Agent

Funeral services for Herbert L. Speer, 73, former assistant county agriculture agent, who passed away in a nursing home in Starke, Fla., on Thursday, were conducted at the First Baptist Church at 2 p. m. Sat-

urday in Starke. Burial was in Evergreen Cemetery, Gainesville, Fla. A native of Americus, Ga., he had resided in Palm Beach County since 1925, until he retired seven years ago. He was a veteran of WWI, and headed the agriculture labor program for Mounts during World War II, joining the extension service in 1947. Prior to his retirement in 1960, he suffered a heart attack.

Speer was employed at Canal Point as a vocational instructor in the Canal Point School, which was coming to the Glades and later was instructor at the Pahokee High School. According to former County Agent, M. U. Mounts, who retired last year, Speer was his first assistant to reside in the Glades.

In addition to his widow, Florida Speer is survived by one sister, Mrs. Ernest Boland, Athens, Ga.; two brothers, Alva E. Speer, Ochlocknee, Ga., and John S. Speer, Venice, one sister, Mrs. C. J. Cheves, Griffin, Ga.; and twelve grandchildren.

## BG Elementary Annual Art Show Tonight

Mrs. L. D. Williams, chairman, of the Annual Art Show at Belle Glade Elementary School, wishes to remind all parents, their children and friends of the show which will be held tonight April 14 in the school auditorium from 7 to 9 p. m.

This is the night that parents and children enjoy being together in one whole big family and admiring the work of art accomplished during the year. Award winning pictures will be placed in Norton Art Gallery, West Palm Beach, so that they may be viewed by many people.

## BEER—A big boost to the economy!

The brewing industry each year contributes over 1.4 billion dollars in federal and local excise taxes. Wages and salaries in the brewing industry account for almost 500 million dollars, and the purchase of packaging materials from other industries runs over 500 million. So next time you enjoy a cool, refreshing brew after hard work or play, remember—BEER is good in more ways than one!

## Pvt. D. Martin Complete Course

FORT POLK, LA. (AP)—

Army Pvt. Donnie Martin, whose wife, Annette, and parents, Mr. and Mrs. Robert Martin, live in Canal Point, Fla., completed advance infantry training at Fort Polk, La., April 2. During his additional instruction he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. Martin was taught methods of removing booby traps, to set ambushes, and to avoid enemy ambushes. Other specialized instruction included small unit tactics, weapons firing, map reading, landmine war fare and communications. The 19-year-old soldier entered the Army in October 1965 and completed basic training at Fort Gordon, Ga. He attended Pahokee High School

## OES Officers Are Honored

At the regular meeting of Belle Glade Chapter No. 197, O. E. S., held at the Junior Hall on Thursday evening, April 7th, the Junior Patron and Matron, Mr. and Mrs. W. J. Morris, respectively, were honored.

The following officers were introduced: Helen Dickey of Clewiston, Grand Instructor; Mrs. Ruby Bailey, Mrs. Margaret Roy, Belle Glade; and Mrs. Grace Graham and Mrs. Jennie McKinstry, Pahokee Past Matrons; Fred Simmons, Belle Glade, Past Patron; and Mr. and Mrs. O. A. Anderson of Clewiston, Worthing Patron and Worthing Matron, respectively, Sugarland Chapter of Clewiston.

Mr. and Mrs. Ray Browne, Worthing Patron and Worthing Matron presided in the East.

Officers of the Chapter presented a lovely scrapbook of the Chapter year to Mrs. Norris and in special courtesy honored the couple. They responded with appropriate remarks. The degrees of the order were conferred upon Mrs. Mary Bell Morton, who in the initiation ceremony, had the somewhat unusual experience of having her daughter, Mrs. Margaret Guill, giving assistance in the ceremony.

The refreshment committee, composed of Mr. and Mrs. Fred Simmons, and Mrs. Dorothy Bowles, served refreshments featuring an Easter motif from a beautiful appointed table. The table was centered with an Easter Bunny. Refresh-

## Prosser-Walker Marriage Solemnized

Horace H. (Bully) Walker and Mrs. Phyllis Prosser, both of South Bay, were married April 3rd, 1966, in the Chapel of the Coral Gables Veterans' Hospital. Mr. Rodney Walker, brother of the groom, was best man at the ceremony.

Following the wedding, Mrs. Marlene DeCarlo, sister of the groom, gave a reception at her home in Miami.

Mrs. Edna Walker, mother of the groom, attended the reception. Other family members at the reception included the groom's sisters Maxine and Pauline of Miami, and Mr. and Mrs. P. Walker of South Bay, brother and sister-in-law of the groom. Terry and Eric Prosser, children of the bride from her previous marriage, were present at the reception.

Mr. and Mrs. Dalrymple and Mrs. Gladys Mitchell, former residents of South Bay now residing in the Miami area, also attended the reception.

Mr. and Mrs. Horace (Bully) Walker plan to reside in Andytown, where they operate a restaurant.

## Walker Family Entertains Guest

The O'Neal Walker family of South Bay entertained Mr. Vernon S. Law, veteran baseball pitcher for the Pittsburgh Pirates, at their home last Wednesday evening, following Mr. Law's appearance and pep talk to the Belle Glade High School baseball team.

Mr. Law has been interested in Garry Walker since he first saw Garry play in Little League Baseball when Garry was eight years old. Mr. Law is a longtime friend of the Walker family, and is a fellow member of the Church of Jesus Christ Latter Day Saints.

Early last Wednesday morning, Mrs. Lauretta Crichtfield and her daughter Janet, Mrs. O'Neal Walker and her son, Harry O., drove to Fort Lauderdale where the Pirates are in training, and brought Mr. Law to the Glades. Following the dinner at the O'Neal home, Garry Walker and Tony Latour drove Mr. Law back to Fort Lauderdale.

Our '66 Ford has one of the world's quietest rides... the strongest Ford body ever... a new-concept frame... and a unique suspension designed to take the thumps out of bumps.

(With our family the quiet doesn't mean much. But it's nice to know the quality's there.)

The quiet-riding Ford is a roaring success. After driving a XL or LTD Ford, owners of such luxury cars as a hand-crafted Jaguar and a \$14,000 Mercedes said that Ford was even quieter than their custom-built cars. And Ford offers much more: Stereo tape player option for the music of your choice. • Optional automatic speed control for foot-free cruising. • Ex-

clusive Magic Doorgate on station wagons swings out like a door for people... and down like a tailgate for cargo. • Optional Ford Select-Aire Conditioner is built in, not hung on. • Safety Convenience Control Panel option has lights to warn you if fuel's low or door's ajar. # Palm Beach Harbor Dredged To 35 Feet

Bids on two new excavation contracts in South Florida, with an estimated total cost of \$4.4 million, opened April 28 by the U. S. Army Corps of Engineers in Jacksonville.

The largest project calls for completion of the deepening of Palm Beach Harbor, estimated to cost \$3.5 million. The contract will require deepening of the entrance channel to 37 feet, a portion of the inner channel to 35 feet, and the rectangular-shaped turning basin to 35 feet. The project will initially be dredged to 35 feet, but will be maintained to a project depth of 33 feet.

More than 1 million cubic yards of material will be excavated to deepen the channel from 27 feet to 35 feet. A portion of the channel deepening was completed several months ago.

Army Engineers said they propose to offer an alternate bidding schedule which would permit bidders to set

a separate offer for depositing the dredged material off shore from the beach south of the south jetty as a beach nourishment project. Local interests would pay for the additional cost of pumping the spoil material to 5 to 18 foot deep water offshore from the beach to help artificially nourish the beach. All of the material dredged from the harbor bottom will not be suitable for beachfill, according to the Army Engineers, so it is being deposited offshore and some of it will wash onto the shoreline. Heavier material such as rock will settle into the soft sand offshore.

Engineers estimated that 25 to 35 per cent of the dredged material will reach the beaches, but they point out that even this amount would be of considerable benefit. Under the alternate bidding schedule, local interests would also be required to extend the discharge line from the sand transfer

plant across Lake Worth Inlet. Purpose of extending the sand transfer plant line is to provide further aid to the eroding shoreline.

## 102,000 Florida Vets Rate GI Bill Benefits

M. T. Dixon of the Fla. Dept. of Veterans Affairs, announced there has been prepared a study showing the income status of 4,065,960 veterans eligible for benefits under the New GI Bill recently passed by Congress.

California leads the nation in men and women who have been service since Jan. 31, 1955, and are discharged or separated. California's total was estimated at 349,000; Alaska, the largest

state, has the fewest — 4,000. Florida is second in the nation and first in the southeast states with the number of veterans of post Korean service. Florida has 102,000 who are potentially eligible for all of the benefits of the New GI Bill.

Dixon estimated that the potential economic boost to Florida of Federal funds resulting from these veterans taking advantage of these benefits would amount of \$8,200,000.

## Pahokee Youth Finishes Army Radio Course

PORT JACKSON, S. C. (AHTNC) — Army Pvt. Carl T. Jackson, 20, son of Mrs. Lucille M. Barnes, Pahokee, Fla., completed an intermediate speed radio operator course at Port Jackson, S. C. March 25. During the course Jackson received instruction in basic radio and electrical theory and was also taught the international Morse Code.

He entered the Army last October. The son of Nathaniel A. Jackson, Route 2, Red Bay, Ala., he attended Pahokee (Fla.) High School and was employed by Hutchinson Engineering in Belle Glade, Fla., before entering the Army.

## Pvt. R. Olden Completes Army Course

PORT LEONARD WOOD, MO. (AHTNC) — Army Pvt. Ronald P. Olden, son of Mrs. Lavon Olden, 315 E. El Paso, Clewiston, Fla., completed a combat engineer course at Port Leonard Wood, Mo., April 28. During the seven-week course, Olden was trained in the construction and repair of roads, railroads and bridges. He also received instruction in demolitions and mine warfare.

The 20-year-old soldier entered the Army in November 1965 and completed basic combat training at Ft. Benning, Ga. He is a 1963 graduate of Clewiston High School.

**NEW INSIGNIA** — The first new U.S. Army Vietnam insignia is planned by Gen. John K. Waters, Commander in Chief, United States Army, Pacific, on the uniform of Lieutenant General John E. Eagler, Deputy Commanding General, U.S. Army, Vietnam. Insignia is yellow, red, blue and white.

## Beaware Of Tetanus!!

Spring time can be pleasant but it also brings danger to the entire family unless caution is observed, the State Board of Health says. Spring cleaning may sound like nothing more than extra work but the home is a dangerous place and care should be taken when standing on chairs or ladders; or walking around electric wires.

Of great importance to those who work outside, especially gardeners and farmers, is the danger of tetanus or lock jaw. Everyone should be immunized and keep up with booster shots.

## Appointment Confirmed

Mr. Rex Whitton, Chief, National Bureau of Roads, Washington D. C., has confirmed County Commissioner Weaver's appointment in Washington D. C., for April 20th, at 2:00 P. M. Mr. Weaver will go to Washington to seek Federal participation in the relocation and four-laning of U. S. Hwy. 441 from South Bay to West Palm Beach.

"I am pleased that Mr. Whitton will attend the conference," Mr. Weaver, stated. "The original appointment was for ten in the morning of April 19th, but was changed at Mr. Whitton's request so that he could attend and we could discuss road problems in the Glades for as long as necessary."

Mr. Weaver, representing the Board of County Commissioners, and Mr. Luther Jones, Publisher of the Belle Glade Herald, will go to Atlanta Wednesday, April 10th, for a meeting with Federal Authorities concerned with pollution of our lakes and waterways.

## New Withholding Tables

New tax withholding tables and instructions for the 65 to 70 million persons who will be affected by the Tax Adjustment Act of 1968 are enroute to IRS Regional Service Centers for labeling & mailing. IRS District Director F. S. Schmidt for Florida announced today.

Although new withholding rates will not become effective until May 1, IRS is expediting information to give employers and employees maximum time to adjust to the new withholding system. It is expected that IRS Service Centers will complete labeling and mailing of the Employer's Tax Guide and Employee Tax Sheet (Document 5042) to all employers with 255 or less employees by the end of March.

Employers in this category total approximately 4 million and have on their

payrolls 30 million employees. All employers with 255 or more employees (16,000 with a total of 40 million employees) should obtain their entire supply of Document 5042 from their nearest IRS District Office early in April.

To make it as easy as possible for employers and employees to comply with the withholding provisions of the new Act, IRS has included in the Employer's Tax Guide not only the new tax tables, but a one-page fact sheet with sample tables and a new W-4 for employees.

## Don't laugh.

A Volkswagen police car may seem like a funny idea to you, but it makes a lot of sense to the city of Scottsboro, Alabama.

They wanted a car that could take Police Officer H. L. Wilkerson on parking meter patrol, all day, 6 days a week, in stop-and-go traffic. Without breaking down. And without breaking the taxpayer.

So, in 1964, they bought Car S-5: a VW with a dome light, siren, and 2-way radio.

That was the year of Scottsboro's only 12" snowfall. The other police cars were in trouble up to their hubcaps. But Car S-5 was a credit to the force. It went uphill. And downhill. And Officer Wilkerson never even put the chain on.

Officer Wilkerson isn't supposed to go after speeders, for obvious reasons. But once in 1965 he chased one. And caught him. It's hard to say which was more surprised.

Car S-5 still averages 29 miles per gallon. It still doesn't need oil between changes. And it's never had a breakdown.

After a year and a half of continuous use, it had its clutch replaced, and its valves adjusted. That is all.

## Civil Service Board Votes Changes

The Civil Service Board at their Monday night meeting, voted to change minimum training as a requirement for promotion from two to one year of satisfactory experience as a requirement. It has voted to return to the City Commission the classification and plan on all city employees which was adopted in 1965 and is to be reviewed and adopted to conform with economic conditions.

The resignation of Frank Fogelman from Police Department, effective April 30, was accepted with regret. Attending the meeting were chairman Russell, Board members Ashley, Francis Harris, Emmett S. Roberts, and secretary Vera C. Jones.
